

TEGA Tablet to be Officially Launched, CeBIT Australia 2010

Australian Tablet designed to combat Apple iPad

Sydney, NSW, May 19th 2010– The TEGA Tablet has been developed using almost 10yrs of Tablet related distribution expertise by Australian owned/operated company Tegatech Australia. It is designed utilizing many years of feedback obtained via the supply and distribution of mobile PC computers across Australia, New Zealand and Europe too. TEGA Tablet is lightweight, has an integrated touchscreen and also an optimized stylus experience for inputting handwritten notes straight onto the screen. It is built well and priced aggressively to please even the most mobile conscious businesses. Come and see the TEGA officially launched at CeBIT Australia 2010 and one of our friendly staff will be happy to showcase it to you.

“This is the most exciting release we have offered since we opened our doors at Tegatech” stated Principal, Hugo Ortega.

About the TEGA Tablet

TEGA strikes the perfect balance between usability and portability. At less than 1KG including battery the TEGA Tablet measures 246(L) x 166(W) x 24(H) mm.
